

# Cookies Policy for Axon IT

## 1. The Axon IT website uses cookies

As is common practice with almost all websites, the Axon IT website uses cookies. Use of our website assumes you have read our Cookies policy and consent to our use of Cookies.

This page describes what information these Cookies gather, how we use it and why we sometimes need to store these cookies. We will also share how you can prevent these cookies from being stored, however this may downgrade or 'break' certain elements of the websites functionality.

Axon IT never share your personal information with third parties.

## 2. What are Cookies?

A Cookie is a file used by your computer that contains a string of letters and numbers, sent by a web server to a web browser and stored by the browser that you use. The Cookie identifier is then sent back to the server each time the browser requests a page from the server.

## 3. The Cookies We Set

This site offers a newsletter signup and also includes contact and event/seminar registration forms.

Cookies may be used to remember if you are already registered and whether to show certain notifications which might only be valid to subscribed/unsubscribed users.

When you submit data to through a form to us, such as those found on contact page, cookies may be set to remember your user details for future correspondence.

## 4. Controlling Cookies

You can **control and/or delete** cookies as you wish – for details, see [aboutcookies.org](http://aboutcookies.org). You can delete all cookies that are already on your computer and you can set most browsers to prevent them from being placed. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some services and functionalities may not work.

## 5. Third Party Cookies

In some special cases we also use cookies provided by trusted third parties.

The following section details which third party cookies you might encounter through this site.

This website uses Google Analytics which is one of the most widespread and trusted analytics solutions on the internet and we use it to help us understand how our visitors use our website so we can find ways to improve their experience. These cookies may track things such as how long a visitor spends on the website and which page(s) they are looking at, which helps us to improve our website content and make it more useful and engaging.

For more information on Google Analytics cookies, see the official Google Analytics page. <https://developers.google.com/analytics/devguides/collection/analyticsjs/cookie-usage>

We also use social media buttons and/or plugins on this site that allow you to connect with your social network in various ways. For these to work the following social media sites including;

Facebook, LinkedIn, Twitter, Google+, will set cookies through our site which may be used to enhance your profile on their site or contribute to the data they hold for various purposes outlined in their respective privacy policies.
